A superior boat arises from Kvarken, in Finland, a mystical place up in the north. Here, the sun will dip low in the horizon and cast a magical orange glow onto the coastline. For centuries, the changing seasons and the raw power of nature have ruled life by the sea.

This is the home of Quarken. Our boats draw inspiration from nature, and we combine it with decades of experience from the boat building and life at seas. The essence of our fleet lies in its beautiful simplicity and clean state-of-the-art Nordic design. We create innovative designs and modular solutions for best-in-class functionality and practical living on board. Powerful industry-leading Yamaha outboard engines guarantee the ultimate driving experience and reliable performance in all conditions.

*Osmo Roukala, Boat Master & Founding Partner*

# QUARKEN **35** CABIN TOURER

NEXT-GENERATION TRAVEL COMPANION

The *Quarken 35 Cabin Tourer* stands for a premium and sporty experience on the water. Clean, modern, and sophisticated Nordic design combined with a nimble, responsive, and fuel-efficient twin-step hull, gives a new meaning for riding in style.

The spacious cabin offers panoramic views with excellent visibility and easy access as well as plenty of room for a functional galley and a dining area.

The side terraces in the aft increase the socialising area for your family and guests while at anchor.

A socializing space can be created by flipping the backrest at the helm towards the aft sofa. The cabin is designed so that it's easy to connect it with the space on the aft deck, the rear window and door can be opened to create a combined lounge area. ↓

↑  
The **35 Cabin** is the perfect adventure boat to explore new places no matter the weather. The cabin offers protection even in rugged conditions.

The **35 Cabin** is powered by twin Yamaha F300 outboard engines, delivering on all your performance needs. This pairing provides a confident, dynamic, and thrilling drive.

The helm is the driver's heaven with clean and ultra-modern styling. It can be equipped with twin Garmin 12" touchscreen displays, Yamaha helmmaster and wireless charging for phone as well as many other technical features.  
→

As a standard solution, there is a comfortable sofa for two at the driver's position, which can be changed to two sporty seats if preferred.

The sunbed in the bow is a perfect place to relax and enjoy a day out in the sun. Under the cushion there is an openable deck hatch to the front cabin that makes it easy to load bags and gear in and out. →

The cabin table and sofas together convert easily into an double berth by adding the extra cushions on the table. ←

In the forward cabin there is a sofa and table on the starboard side, the sofa can easily be extended to a bed for children. →

An enclosed toilet compartment that seamlessly follows the same style as the rest of the interior in the forward cabin. The head consists of a toilet, sink, shower unit and a mirror that is installed on the door. ←

The spacious cabin offers panoramic views and a two-way opening sliding door on the starboard-side. The glass sky window provides a generous sense of space and lets the light flood in. A modern adjustable RGB-led lightning will let you change the atmosphere in the cabin in a blink of an eye. →

The centre point of the forward cabin is the cozy and comfortable large bed for two adults.

The galley module comes with a sink including fresh water and an optional stove, either diesel or electrical. ←

A stylish and striking hull wrap in matte metallic charcoal color is available as an option.

# QUARKEN 35 GRAND TOURER

DISCOVER IN COMFORT

*Quarken 35 Grand Tourer* combines the best of the Quarken 35 Cabin Tourer and Sport Tourer models without compromising on comfort or performance. Whether you're cruising off to distant horizons or enjoying the responsive and pin-sharp handling when navigating to your favourite anchoring spot, you can be sure to experience new thrill levels as you ride the waves.

The aft area offers a lot of seating capacity with several standard comfortable sofas.

The *Quarken 35 GT* is designed, produced and assembled in Finland. The hull is manufactured by vacuum infusion technology that offers benefits as thickness control of the GRP and quality consistency in the production process. The outcome is a strong, nimble and lighter hull with lower fuel consumption.

Experience the sporty style and details of the helm. The steering console can be equipped for example with twin Garmin 12" touchscreen displays, Yamaha helm master and wireless charging for phone.

The negative window reduces reflections, improves visibility in bad weather and offers protection together with the robust roof construction.

The wet bar unit is in a central position on the port-side in the cockpit, which makes it easy to prepare and cook meals while at the same time socializing with family and friends.

The manually opening side terraces offer additional seating space while at anchor.

The aft sunbed has a flip backrest, four integrated cup holders and a generous storage space underneath. The backrest that can be flipped makes it possible to sit in both directions. This is one of the best places to lounge and enjoy the sun. ←

The sunbed in the bow offers comfortable seating to relax. Under the cushion there is a deck hatch to front cabin. →

The forward cabin accommodates a large bed for two, an enclosed toilet compartment and a sofa.

The sofa in the forward cabin can easily be extended to a bed for children. This will give you the possibility to comfortably leave for longer trips making sure your family will have privacy and peaceful nights.

The enclosed toilet compartment is on the port side in the forward cabin. It is equipped with a toilet, sink and shower that guarantees easy living onboard. →

The twin-step hull is designed for twin Yamaha 300 engines to ensure first-class performance and powerful handling. An upgrade possibility to twin 350's is possible.

The cockpit area is covered by a solid T-top roof structure that offers weather protection. The roof includes a glass sky window that provides a light-flooded atmosphere in the cockpit.

# QUARKEN **35** SPORT TOURER

SUPERIOR, SPORTY, AND STYLISH

The *35 Sport Tourer* shows how sophisticated Nordic design and solutions can be combined with superior performance for an unforgettable on-water experience. Cleverly designed seating arrangements offer plenty of relaxation space both in the bow and rear. The standard wetbar is well-equipped and in a central position on the port-side.

Under the sunbed in the bow there is a deck hatch to the front cabin that offers additional air flow to the cabin on hot days. The hatch also makes it easy to load luggage directly to the forward cabin. →

←  
The manually opening side terraces in the aft increase seating capacity while at anchor and offers additional space for lounging with family and friends.

→  
For the fore deck area a sunshade is available to offer additional sun protection for those warm and hot days out in the sun.

The cockpit area is covered by a solid T-top roof that includes a glass sky window that provides a light-flooded atmosphere in the cockpit.  
→

The dashboard and console panels have a high-gloss black finish that reduces reflections. Adjustable steering wheel, ZipWake automatic trim system and bow thruster are standard equipment. Optional are Garmin 12" touchscreen displays, Yamaha helmmaster and wireless charging for phone. →

↑  
Twin Yamaha 300hp engines (optional twin 350's) deliver powerful handling and performance. Both pairings provide a confident and dynamic drive. The top speed with F300 engines is 44 knots and the fuel consumption under 3,0 ltr/ nautical mile (in 3500 rpm). With F350 engines top speed is approximately 50 knots and fuel consumption practically same as with F300 engines.

The *Quarken 35 ST* is designed, produced and assembled in Finland. The hull is manufactured by vacuum infusion technology that offers benefits as thickness control of the GRP and quality consistency in the production process. The outcome is a strong, nimble and lighter hull with lower fuel consumption. ←

The forward cabin has a large bed for two persons. Underneath the bed there is a generous storage space. High-class materials in a soft and neutral colour palette create a calm and peaceful atmosphere to relax. →

The double helm seat/sofa have electrical pedestals which makes it possible to easily adjust the seating height for the best possible driving position. ←

The multifunctional aft sunbed is designed for lounging and in addition, it offers spacious storage underneath for gear and watersports equipment. →

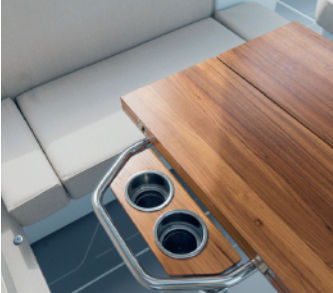

The double helm seat/sofa with height adjusting possibility have a backrest that can be flipped towards the dining area to form an L-sofa in the cockpit. By flipping the backrest of the large aft sunbed to the rear a U-formed dinning area is formed in a blink of an eye. ←

The optional hull wrap in matte metallic charcoal color is stylish and stands out in every harbour. →

The enclosed toilet compartment makes living onboard easy and offers additional comfort onboard on longer trips. The head consist of an electrical toilet, sink, shower unit and a mirror that is installed on the door. ←

The cockpit dining area includes a foldable table that is equipped with four cup holders.

Bring your water toys, sup boards and friends and find the perfect spot to beach the 35 ST. The roof racks and the generous cargo space under the aft sunbed can carry all your equipment you need with you for a fun day out on the sea.

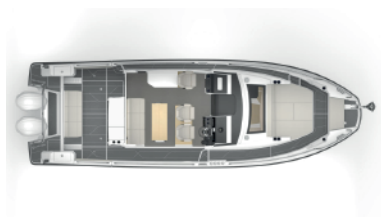

The wet bar unit is in a central position on the port-side in the cockpit, directly opposite the U-sofa, which makes it easy to prepare and cook meals while at the same the socializing with family and friends. →
